Electronic Mouse Trap

From Victor® - the most recognized name in rodent control - comes the world's first electronic mouse trap. Harnessing patent pending electronic technology, the Electronic Mouse Trap is simply the most effective, safe, convenient and humane mousetrap available.

Features

- Provides a quick kill - Delivers a killing voltage for 20 seconds although the mouse is dead in 5—10 seconds.
- 4 AA Batteries will kill approximately 50 mice.
- Patent pending mousetrap offers “smart electronics” to ensure 100% kill.
- Proprietary patent pending tunnel design encourages interaction and adds safety.
- Built-in safety feature deactivates unit if top door is accidentally opened.

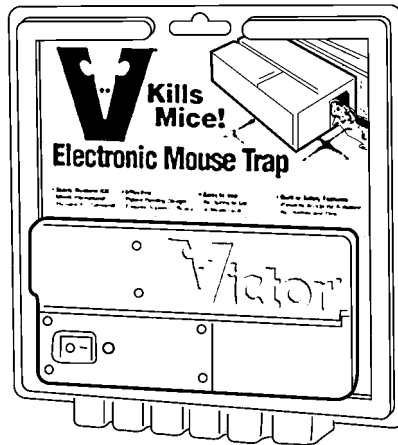

Advantages

- Highly Effective - 100% kill rate
- Easy to use - no setting or glue
- Clean - no need to touch carcass
- Humane Quick Kill - fastest killing trap in the marketplace
- Safe - non toxic
